Registration Criteria

Standard Registration - Animal to be registered must be the offspring of a registered sire and registered dam. Accepted registries: PDCA, ADCA, Legacy, Canadian Dexter Cattle Association. Other foreign registries considered. No genetic testing required.

Certified Registration - In addition to the Standard Registration criteria, a Certified Registration must provide proof of Genotyping, Chondro and PHA status (positive or negative.) Proof may be test results or by obligate from tested parent.

Other Genetic Information

If submitted, additional genetic testing can be included on registration certificate:

Registration and Record of Birth (Be sure to submit pages 1 & 2)
